

***WHERE THE MAGIC IS IN LEARNING!*** ®

**Do you find technology intimidating and stressful?  
Discover fun and informative training and tutorials to  
quickly put you on the path to success.**

Achieve your technology learning goals with empowering, comprehensive materials created by Mystic Access from a blindness perspective. Whether you need help with a computer, screen reader, automated vacuum, speakers, or the latest gadget - you name it, we will give you the tools to master it. Affordable, extensive and easy to follow, our audio tutorials and training provide a thorough understanding of the topics they cover.

### **About Mystic Access**

We are totally blind professionals who use technology on a daily basis in both life and work. We can identify with your struggles, and meet you where you are to create a plan of action that will help you to reach your learning goals.
